Many Brands One Mission Your Success

No one needs just a dispenser. What good would that do? Truth is, every forecourt is a unique combination of complex, specialized hardware and software. The good news is that as part of Dover Fueling Solutions (DFS), we give our customers seamless access to all the products and services they need for their forecourt and convenience store. Sure, we're Tokheim. But we're also a one-stop-shop for the retail fuelling and convenience industry. We're the complete package. And, as such, we make complicated easy. We make your mission possible. We make your job easier. From dispensing to monitoring to inventory control to loyalty programs. Soup to nuts. Start to finish. We do it all.

And we do it right.

Quality: at the Heart of All We Do

One trusted dispenser platform, four models to address your needs. The Tokheim Quantum™ fuel dispenser range is highly configurable, enabling each dispenser to adapt to your forecourt regardless of its set-up. It's a dispenser family that will add a genuine benefit to your business.

Engineering Excellence

At the heart of the Tokheim Quantum fuel dispenser range is a set of high-quality components that provide long-lasting performance. Combining Tokheim history, engineering, innovation and quality, Quantum dispensers are the perfect example of engineering excellence and a sound investment for many years to come.

Smart and Bespoke Design

Built with field-proven, quality components, each model in the Quantum dispenser range delivers lower Total Cost of Ownership (TCO), greater future-proofing and improved maintainability. With customisable livery available as an option, you can be sure that your chosen Quantum fuel dispenser reflects your company branding to the best effect.

Safety and Security

The highly secure internal dispenser electronics and mechanics of the Quantum fuel dispenser range act as a deterrent against product tampering and meter manipulation. In addition, there are optional security features available to further reduce the risk of fuel theft, giving forecourt owners added peace of mind.

Leading Technology and High Quality

Quantum fuel dispensers incorporate advanced metering and durable materials to provide long-lasting performance, even in the harshest conditions. Using the best of Dover Fueling Solutions' (DFS) advanced technology, we have created a dispenser line that will keep on giving long into the future.

Maximum Quality

Representing the best that Tokheim has to offer, the Quantum family of fuel dispensers is the epitome of quality. Engineered to dispense fuel with outstanding precision and reliability, these high-performance models have been designed to stand the test of time.

Minimum Hassle

Four, industry-leading models developed to meet the fuelling demands of the future, Quantum fuel dispensers offer unrivalled durability and security. Built with field-proven, high-quality components, they're robust, adaptable and truly dependable.

Meet the Quantum Family

Compact Yet Powerful

Tokheim Quantum™ 110 fuel dispenser

The Quantum 110 fuel dispenser is built with one nozzle as standard, with the option to upgrade to two nozzles to support high-speed refuelling (diesel fuel only, 130 LPM). Hoses can be kept neat and tidy with optional 'spring mast' technology, which also supports a clean and easy fuelling experience. With optional customisable livery, this dispenser can be as inconspicuous or as distinct as your brand requires.

Distinctive Yet Modest

Tokheim Quantum™ 210 fuel dispenser

The Quantum 210 fuel dispenser offers more configuration options than the smaller 110 model, with the choice to dispense two fuel grades, and benefits from a clean and simple hose management system that compliments this dispenser's compact footprint. Customise this model to reflect the very best of your brand, with bespoke graphics that really let your company identity shine.

Industrial Versatility

Tokheim Quantum™ 310 fuel dispenser

The Quantum 310 fuel dispenser offers more configuration options and capability than the smaller 110 and 210 models, with the option to dispense two fuel grades, and benefits from a spring mast-based hose retractor system that enhances ease of use for customers. As with all Quantum fuel dispensers, the 310 can be customised to showcase the best of your brand: add colour, logos and graphics to create a unique look.

Redefining Modularity

Tokheim Quantum™ 510M fuel dispenser

Featuring the best in fuel dispenser technology, the Quantum 510M fuel dispenser range gives you the freedom to choose. With field-proven, high-quality components, the Quantum 510M fuel dispenser delivers lower TCO, greater future-proofing and improved maintainability. Unlocking the power of media to boost sales has also never been easier, thanks to the new larger media head.
